Here we set out our disability access policy.

It applies to all members of Centre and anyone who uses our website or goes to our events.

Words like "us", "we", and "our" all mean Centre. This document only applies if we have your information.

Whilst we have tried to include as much information in this guide as possible, you may need to look at our longer length version for all the information about our disability policy.

We are working on making sure:

- Audio, sign language and more accessible version of our vision once the final version is released.

- Start providing transcripts for every video/audio recording that we publish online.

- Make sure that our content can be seen by people who are colour blind.
