Date these procedures came into effect: 31/12/2021

Date these procedures must be updated by: 01/01/2023

Written by: Torrin Wilkins.

This document sets out: how our organisation works. It covers: our core aims, voting on policy within the organisation, the responsibilities for people who hold roles within Centre and the accountability of these individuals.

Preamble. Centre is a cross party think tank and pressure group. We support what has become known as the 'Nordic model', 'Nordic capitalism' or 'Nordic Social Democracy'. We see the Nordic model as one that fits into the centrist approach to politics, namely combining strong public services with a free market economy.

Name and Slogan. The name of this group is "Centre" and the slogan for the group is "Choose Progress".

Objectives:

- To publish new material and to inform political debate.
- To generate new policy ideas and spread awareness of them.
- To provide a forum for those who agree with centrist politics.
- To reach out to those on the left and right of politics with policies we agree on.

Voting procedures:

Proposal:

New policies can be proposed by any one of the following: a regional branch, two members of the Centre team, the student wing, regional student branch or 30 members of Centre. Policy proposals must be costed if they are a large-scale policy and then sent through our policy forum.

Debate:

The Director is the broker and tries to reach a unanimous decision on policies within the group. Regional chairs and the spokespeople affected by the policy or paper would also have the chance to raise any concerns specific to their area.

Vote:

The Administration, Spokespeople and Regional/State Chairs each have one vote. For policies to pass they need a simple majority (50% +1)

Adoption:

If a vote is taken, this will be specified within the "our aims" document. Whilst the organisation holds positions, each member can express their personal opinions.

Additional voting procedures:

Accepting new team members. Members wanting to join the team should first send a CV if they have one or a smaller description of their previous experience and why they would like the position if they don't have one. The applicant should also let the person who is passing on their application onto the team know whether they have any large disagreements with Centre policy. Once this has been completed the full application including all of the questions the individual answers will be passed to our team who will have a majority vote on whether to accept the person.

No confidence votes. No confidence votes can be triggered if 10% of the team request one or 50 members ask for one. They can be called for any member of the team including the Administration, Spokespeople and Regional/State Chairs. The question for the vote will be "do you have confidence in (name)?", the answers would be "Yes", "No" or "unsure". If a majority votes "Yes" then the person will be removed from their position. There may be no more than one confidence vote in a person per year. The main team can pass votes of no confidence in member of regional teams. Members of regional teams can also pass votes of no confidence in other members of their regional teams. The votes themselves should be called if: the team member is no longer a member of Centre, they have not been contactable for three weeks or they have not completed any work including papers, articles, policy proposals, podcasts or more general work within Centre.

If a vote is a 50/50 split, then the vote is not passed.

Meetings:

- One meeting on the second Wednesday of every month at 8pm unless this needs to be changed due to personal commitments of team members to plan the campaigns, paper releases and social media posts for the month coming.
- Social meetings are allowed if any member of the team requests one.

National, Student and Regional Branch powers:

National:

Votes on and creation of new policies.

Donations.

Split between national, student and regional branches:

Papers and articles can be released by any branch of Centre but must not conflict with the main Centre policies.

Running social media campaigns which can't conflict with Centre policies.

Events which can be either run by the main organisation or by individual organisations such as a student branch. These tend to involve people from different sides of a debate but if they are specifically in support of a policy it should not conflict with Centre policy.

Membership, this includes membership of Centre as a whole, regional branches, student membership and student membership.
